SUBJECT: Financial Aid Satisfactory Academic Progress (FASAP)	NUMBER: 6.11
	DATE: April 19, 2021 Resolution # 21-33
	SUPERSEDES:

Purpose

Per Federal Student Aid regulations, each college must have a policy to determine if a student is making academic progress towards completing their degree or certificate. The policy must measure students' Grade Point Average (GPA) and percentage of successfully completed courses (aka pursuit of program). Below is the criteria SUNY Schenectady uses to determine if students are making Financial Aid Satisfactory Academic Progress (FASAP). This policy is for determining financial aid eligibility only, and does not affect a student's academic standing or matriculation status.

The total credit hours attempted, the number of credit hours completed, and cumulative grade point averages determine the standards of Financial Aid Satisfactory Academic Progress (FASAP). Each student's FASAP status will be determined at the end of each semester. The student's FASAP status will be indicated in the financial aid section of his/her records and registration account.

Policy

A student is considered to be making Financial Aid Satisfactory Academic Progress (FASAP) at the end of a semester and for the subsequent semester if the student meets the criteria for Grade Point Average Progress and Pursuit of Program. These standards are cumulative and include all terms of the student's enrollment even if financial aid was not received for all terms.

Grade Point Average (GPA) Progress (Qualitative Component):

A student is considered to be making GPA Progress if he/she maintains a cumulative GPA at or above the level defined in the table below.

Total Credit Hours Attempted	Cumulative G.P.A.
0-11	0.00
12-23	1.00
24-35	1.50
36-47	1.80
48 and above	2.00

Total Credit Hours Attempted includes all credit hours attempted in residence at SUNY Schenectady County Community College. In addition, accepted transfer credits are included in the Total Credit Hours Attempted, but they are not included in the calculation of the GPA.

Pursuit of Program (Quantitative Component):

A student is considered to be in pursuit of program if he/she has successfully completed the specified number of credit hours within each category as indicated in the table below. These are the credits at which the student must progress through their program to ensure that they will graduate within the maximum time frame. Successful completion is defined as receiving a grade of “A,” “B,” “C,” “D,” “I,” or “P” for any course taken in residence (including the corresponding plus/minus grades). A grade of “F” or “W” count as attempted credit hours but are not considered to be successfully completed.

Total Credit Hours Attempted	Minimum Number of Semester Hours Required to be Successfully Completed
0-22	0
23-35	12
36-47	21
48-59	30
60-71	42
72-83	54
84 and above	66

A student who meets both the GPA Progress and Pursuit of Program requirements at the end of a semester will be in Good Financial Aid Standing as it relates to federal financial aid eligibility. If a student does not meet the FASAP requirements, they are in jeopardy of losing federal financial aid eligibility.

Financial Aid Warning

A student who was in Good Financial Aid Standing and does not meet the FASAP requirements at the end of a semester will be on Financial Aid Warning during the subsequent semester for which they are enrolled. A student on Financial Aid Warning remains eligible for financial aid during the warning period. A student who does not meet the FASAP standards after the warning semester will be placed on Financial Aid Dismissal. While on Financial Aid Dismissal, the student is ineligible for federal financial aid until they successfully appeal the dismissal or successfully return to good financial aid standing after taking additional classes without using federal financial aid.

Financial Aid Dismissal:

A student who does not meet the FASAP standards after the warning semester will be placed on Financial Aid Dismissal and become ineligible for federal financial aid, until they are able to successfully appeal the determination or successfully return to Good Financial Aid Standing after taking additional classes without using federal financial aid.

Financial Aid SAP Appeal Process:

A student who fails to make FASAP, and is placed on Financial Aid Dismissal, may file an appeal based on injury, illness, the death of a relative, or other special circumstances with appropriate documentation. The appeal must explain why he/she failed to make FASAP and what has changed in his/her situation that will allow him/her to make FASAP at the next evaluation.

The appeal will be reviewed by the Financial Aid Satisfactory Academic Progress Appeals Committee and the decision of the committee is final. Financial Aid Academic Progress Appeals are submitted to the Financial Aid Office. A record of the appeal and the final determination will be maintained in the student's financial aid file. If an appeal is approved, the student will be given the status of Financial Aid Probation and will regain federal financial aid eligibility.

In order for an appeal to be approved it must be mathematically possible for a student to return to Good Financial Aid Standing within one semester. In limited circumstances, the committee can grant a student more than one term of probation in order to allow them to return to Good Financial Aid Standing (e.g. it is in the student's best academic interest to attend part-time because attending full-time is what led to their academic struggles and as a result it will take more than one semester to meet the academic progress requirements). If a student will need more than one semester to return to Good Financial Aid Standing an academic plan is required. The academic plan must be developed with the assistance of an academic advisor and will specify the point in time the student is expected to return to Good Financial Aid Standing. As long as the student meets the requirements of the approved academic plan, they will remain eligible for federal financial aid during the probationary period. The student's academic plan will be evaluated at the end of each semester. If the student fails to meet the terms of the academic plan the student will again be placed on Financial Aid Dismissal and will lose federal financial aid eligibility. If a student wishes to change their academic plan, they must submit a new appeal to the Financial Aid Satisfactory Academic Progress Committee.

If an appeal is not approved the student will be notified in writing. He/she may attend classes without the use of federal financial aid. If by taking classes without the use of financial aid the student returns to Good Financial Aid Standing, they will regain financial aid eligibility for the subsequent semester.

Financial Aid Probation:

A student who successfully appeals their Financial Aid Dismissal will be placed on Financial Aid Probation. A student on Financial Aid Probation is eligible for federal financial aid during the probationary period. The student must return to Good Financial Aid Standing within one semester and/or meet the terms of their academic plan.

If the student fails to return to Good Financial Aid Standing, or to meet the conditions outlined in the academic plan at the end of the semester in which he/she was placed on Financial Aid Probation, the student will return to a status of Financial Aid Dismissal and lose federal financial aid eligibility. A student in this situation may submit a new appeal but it cannot be for the same reason as the previous appeal.

Required “C” Average After Second Year:

Federal regulations require that a student have a “C” average after his/her second academic year. The student must have a G.P.A. of at least 2.0 or have academic standing consistent with the College’s graduation requirements. Second academic year status is defined as a student having attempted 48 credits or more.

Maximum Time Frame for Completion

Federal regulations require a maximum time frame for completion of a degree or certificate program not to exceed 150% of the normal requirements of that program. Within the guidelines set forth below:

- (a) All terms and attempted courses within the student’s enrollment count when assessing the maximum time frame; even terms in which the student did not receive federal financial aid funds.
- (b) Once it becomes mathematically impossible for a student to complete their program within the maximum time frame the student will be ineligible for Title IV federal financial aid.
- (c) If student is seeking multiple degrees or certificates simultaneously the maximum time frame eligibility will be calculated based off of the longest program.

For Title IV federal financial aid purposes only, the College has defined a maximum number of attempted credit hours for completion as 150% of the required credits for that particular degree or certificate. For example, if a program is 62 credits in length the maximum time frame for completion would be 93 credits (i.e. $62 \times 1.5 = 93$).

The College will review each student’s eligibility at the end of each semester. If due to

withdrawals, failed courses, repeated courses, non-degree applicable courses, or transfer credit evaluation the student has exceeded the maximum number of attempted credits for his/her program, he/she will no longer be eligible for federal financial aid programs at SUNY Schenectady unless an appeal of the maximum time frame has been approved.

Student Appeal of Maximum Time Frame:

A student who has exceeded the maximum time frame may appeal that status if he/she believes that there are special circumstances. Examples of special circumstances would be injury, illness, death of a relative, or other special circumstances. A student may submit an appeal, with supporting documentation, to the Financial Aid Office. The Financial Aid Office will notify the student of the outcome of the appeal and if he/she will be eligible for additional semesters of financial aid eligibility.

Procedures

General Guidelines for FASAP & Maximum Time Frame Evaluation:

Repeated Courses:

A student may repeat a previously failed or withdrawn class in accordance with the SUNY Schenectady Academic Code, section 3.9 (Repeating a Course), and receive federal financial aid and New York State financial aid for each attempt up to the point that the course has been successfully completed. Once a course has been successfully completed, a student may receive federal financial aid to repeat the passed course once per course as long as a better grade is possible. If a previously passed course is repeated, the student will not receive New York State financial aid for that course. Repeated coursework will count as attempted credits for GPA progress, pursuit of program, and maximum time frame each time the course was taken whether or not there was a passing grade.

Courses Dropped in a Refund Period:

If a student drops courses in the 100 percent, 75 percent or 50 percent refund periods, those courses are removed from the transcript and they will not be included in the count of credits attempted.

Withdrawn Courses:

Withdrawn courses count as attempted credits, but not as successfully completed credits, for GPA Progress, pursuit of program and maximum time frame. Withdrawn courses do not count in the GPA calculation.

Transfer Credit:

Transfer credits counts as both attempted and successfully completed for both pursuit of program and maximum timeframe. Transfer credits count as credits attempted for GPA progress evaluation but do not count in the actual GPA calculation.

Remedial Courses:

Remedial courses count as attempted credits for GPA progress, pursuit of program, and maximum timeframe. Remedial courses do not affect the actual GPA calculation. If a student receives a grade of “P” (passing), the course will count as successfully completed for both pursuit of program and maximum time frame.

Grade Changes:

The financial aid office will monitor for grade changes through the Incomplete Extension Date for the term as defined by the Registrar on Banner form SOATERM. FASAP status will be updated for the current semester due to grade changes.

Minimum Eligibility Standards for New York State TAP Awards Standards for New York State TAP Awards

This table illustrates SUNY’s minimum standards for pursuit of program and satisfactory progress for purposes of determining eligibility for New York state financial aid. To be eligible for state awards, both standards must be satisfied. In addition, the student must be matriculated and in good academic standing as defined by the College, and the student must be taking a minimum of 12 credits per semester in courses that satisfy requirements in the student’s academic program. If a student is repeating a course that was previously completed with a passing grade, that course cannot be counted for purposes of New York state awards.

1. TAP Standards of Satisfactory Academic Progress for 2015-16. Applies to non-remedial Associate’s degree students who first received TAP or other NYS Aid in 2010-11 and thereafter.

* A grade of W or AW does not constitute credit completed. The requirements above are for full-time students and would be pro-rated for part-time students eligible for APTS or part time TAP.

** Under certain circumstances, students may qualify for the TAP Standards of Satisfactory Academic Progress # 2 if they meet the criteria to be considered a “remedial student.”

A “remedial student” is defined as a student:

- (a) whose scores on a recognized college placement exam or nationally recognized standardized exam indicated the need for remediation for at least two semesters, as certified by the College and approved by the State Education Department (SED); or
- (b) who was enrolled in at least six semester hours of non-credit remedial courses, as approved by SED, in the first term they received a TAP award; or
- (c) who is or was enrolled in an opportunity program (EOP, HEOP, SEEK). Students who meet the definition of “remedial student” will need to meet the academic standards in chart 2.

Waiver: Provisions have been made for students who do not meet the requirement for program pursuit and/or academic progress to apply for a one-time only waiver. According to SED waiver guidelines, a student may ask for and receive a one-time waiver if the student can document that extraordinary or unusual circumstances prevented him/her from achieving the above described minimum standards. Waiver requests are available in the Financial Aid Office.
