

## Meet Ms. G!

### The Basics!

Hi! My Name is Ms. Lauren Gallo.! I am 33 years young!  
I am the Smart Transfer Success Coach Early College High School Program at SUNY Schenectady Community College. I will be working with Schenectady High School students who are members of the Early College High School, but look forward to building relationships with all students at SHS! Prior to working as a Success Coach, I taught 10<sup>th</sup> grade ELA for four years and the AVID College Preparatory Elective. I'm excited to be in a professional role that blends my passion for higher education and teaching high school!

### My Childhood!

I grew up in Kingston, New York and went to a high school very similar to SHS. I am the oldest sibling out of three children. I was very active in sports and loved spending time with my grandparents. The thing I regret the most was caring about what other people were doing or what they thought. I wish I put more effort into studying, building relationships with teachers, and getting the most out of my high school experience., that's why I push my students to do that while they have the chance.

### My Education!

In May of 2007, I graduated with a Bachelor of Arts in English and Adolescent Education from SUNY Oneonta. I have a Master's Degree in Professional Studies, Multicultural Humanistic Education from SUNY New Paltz, and in 2013 obtained a Professional Teaching Certificate from the College of Saint Rose.

### My Favorites!
