INDEPENDENT AUDITORS' REPORT

The Board of Trustees Schenectady County Community College

We have audited the accompanying financial statements of Schenectady County Community College (the College) (a component unit of the County of Schenectady, New York) and its discretely presented component units, as of and for the years ended August 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We did not audit the financial statements of the Faculty-Student Association of Schenectady County Community College (the Association), which is shown as a discretely presented component unit and represents 19.8% of the total assets and 51.2% of the total revenues of the aggregate discretely presented component units. Those financial statements were audited by another auditor whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Association, is based solely on the report of the other auditor. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of Schenectady County Community College Foundation, Inc. (the Foundation) and the Association were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, based on our audits and the report of the other auditor, the financial statements referred to above present fairly, in all material respects, the respective financial position of the College and its discretely presented component units as of August 31, 2020 and 2019, and the respective changes in financial position and, where applicable, cash flows thereof, for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis and other required supplementary information, as listed in the table of contents, be presented to supplement the financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the College's basic financial statements. The accompanying supplementary information, as listed in the table of contents, including the schedule of expenditures of federal awards required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements.

The accompanying supplementary information, including the schedule of expenditures of federal awards, is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information, including the schedule of expenditures of federal awards, is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 11, 2021 on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting.

SCHENECTADY COUNTY COMMUNITY COLLEGE (A Component Unit of the County of Schenectady, New York) Management's Discussion and Analysis August 31, 2020 and 2019 (Unaudited)

This section of Schenectady County Community College's (the College) Annual Report presents management's discussion and analysis (MD&A) of the College's financial activity for the year ended August 31, 2020. This MD&A presents information for 2020 in comparison with 2019 and 2018. This MD&A is designed to focus on current activities, resulting changes, and currently known facts. Please read it in conjunction with the financial statements and the related footnotes. Responsibility for the completeness and fairness of this information rests with the College's management.

The College has determined that the Faculty-Student Association of Schenectady County Community College (the Association) and the Schenectady County Community College Foundation, Inc. (the Foundation) meet the requirements for presentation as discretely presented component units pursuant to current accounting guidance. As a result, the Association and Foundation are included in the College's reporting entity. Separately issued financial statements of the component units may be obtained from the College's business office.

The balance sheets report current financial resources, capital assets, deferred outflows of resources, current and long-term liabilities, deferred inflows of resources, and net position. The statements of revenues, expenses, and changes in net position focus on operating and non-operating revenues and expenses and capital appropriations of the College. The statements of cash flows summarize the cash activities of the College including operating, non-capital financing, capital financing, and investing activities.

These statements can help the user determine if the College, as a whole, is better or worse off as a result of the year's activities. Over time, increases or decreases in the net position of the College are one indicator of whether its financial health is improving or deteriorating. The user will need to consider many other non-financial factors, such as the trend in applicants and enrollment, student retention, and the condition of the physical buildings and infrastructure to assess the overall health of the College.

Financial Highlights

As of August 31, 2020, the College's net position (deficit) is (\$16,951,000), a decrease of \$288,000 from August 31, 2019 net position. The following contributed to the change in net position:

- Fulltime equivalent (FTE) students decreased by 270 or 10% from 2019.
- The College's tuition rate for full-time students was \$2,196 per semester, an increase of \$108 from 2019. Tuition per credit hour was \$183 for 2020, up from \$174 in 2019.
- Total operating revenue decreased by \$1,448,000 due primarily to a decrease of \$1,121,000 in federal, state, and local grants and contracts.
- Operating expenses decreased by \$792,000.
- Non-operating revenue, which includes local county sponsor contributions, charges to other counties, and state and federal aid, decreased \$404,000. The College's local county sponsor is the County of Schenectady, New York (the County).
- Capital appropriations increased by \$2,503,000.

As of August 31, 2019, the College's net position (deficit) is (\$16,663,000), a decrease of \$1,730,000 from August 31, 2018 net position. The following contributed to the change in net position:

- Fulltime equivalent (FTE) students decreased by 485 or 15.4% from 2018.
- The College's tuition rate for full-time students was \$2,088 per semester, an increase of \$120 from 2019. Tuition per credit hour was \$174 for 2020, up from \$164 in 2019.
- Total operating revenue increased by \$964,000 due primarily to an increase of \$1,453,000 in federal, state, and local grants and contracts.
- Operating expenses increased by \$865,000.
- Non-operating revenue, which includes local county sponsor contributions, charges to other counties, and state and federal aid, decreased \$799,000.
- Capital appropriations decreased by \$543,000.

Condensed Balance Sheets As of August 31, 2020, 2019, and 2018

		2020	2019	2018
Current assets	\$	12,573,000	\$ 13,328,000	\$ 12,891,000
Net pension asset		-	304,000	222,000
Capital assets, net of depreciation		31,226,000	28,442,000	27,802,000
Total assets		43,799,000	42,074,000	40,915,000
Deferred outflows of resources		12,251,000	10,443,000	3,520,000
Total assets and deferred outflows of resources	\$	56,050,000	\$ 52,517,000	\$ 44,435,000
Current liabilities	\$	8,072,000	\$ 8,123,000	\$ 7,558,000
Net pension and OPEB liabilities		56,910,000	53,946,000	41,553,000
Total liabilities	_	64,982,000	62,069,000	49,111,000
Deferred inflows of resources		8,019,000	7,111,000	10,257,000
Net position				
Net investment in capital assets		31,226,000	28,442,000	27,802,000
Unrestricted (deficit)		(48,177,000)	(45,105,000)	(42,735,000)
Total net position (deficit)		(16,951,000)	(16,663,000)	(14,933,000)
Total liabilities, deferred inflows of resources, and net position	\$	56,050,000	\$ 52,517,000	\$ 44,435,000

FY 19-20

Net position (deficit) amounted to \$(16,951,000) as of August 31, 2020. The total Other Postemployment Benefits (OPEB) liability of \$51,139,000 is the primary reason for the College's unrestricted deficit as of August 31, 2020. College management believes that the deficit position is similar to virtually all other governmental entities in NYS that provide post-retirement healthcare benefits to their employees.

Total assets increased by \$1,725,000 from 2019 to 2020 primarily as a result of the College's capital projects financed by the County and the State. Net pension and OPEB liabilities increased by \$2,964,000 primarily due to an increase in the net pension liability of \$4,251,000, offset by a decrease in the total OPEB liability of \$1,287,000 due to changes in actuarial assumptions.

The net pension liability is \$5,772,000 as of August 31, 2020, which is the College's proportionate share of the New York State and Local Employees' Retirement System (ERS) and New York State Teachers' Retirement System (TRS) net pension positions. This amount is determined by an actuarial valuation on the entire ERS and TRS net pension positions. The College's proportionate share is required to be reflected on the balance sheet.

Changes in deferred outflows and deferred inflows of resources reflect changes in OPEB as well as pension activity at the State level. Deferred outflows of resources include contributions required to be paid by the College to the State pension systems after the measurement date, and as such are not included in the current net pension position. Deferred outflows and deferred inflows of resources also reflect variances from actuarial assumptions, actual results of investment earnings compared to projected earnings, and changes of assumptions. The College has no control or authority over these transactions relative to pensions.

FY 18-19

Net position (deficit) amounted to \$(16,663,000) as of August 31, 2019. The total OPEB liability is the primary reason for the College's unrestricted deficit as of August 31, 2019. College management believes that the deficit position is similar to virtually all other governmental entities in NYS that provide post-retirement healthcare benefits to their employees.

Total assets and deferred outflows of resources increased by \$8,082,000 primarily as a result of the College's deferred outflows related to pension and OPEB activity. Net pension and OPEB liabilities increased by \$12,393,000 primarily due to an increase in the total OPEB liability of \$11,588,000 due to changes in actuarial assumptions.

The net pension liability is \$1,521,000 as of August 31, 2019, which is the College's proportionate share of the ERS net pension position. This amount is determined by an actuarial valuation on the entire ERS net pension position. The College's proportionate share is required to be reflected on the balance sheet.

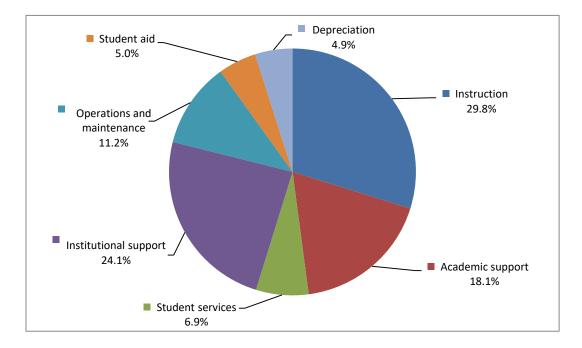

Changes in deferred outflows and deferred inflows of resources reflect changes in OPEB as well as pension activity at the State level. Deferred outflows of resources include contributions required to be paid by the College to the State pension systems after the measurement date, and as such are not included in the current net pension position. Deferred outflows and deferred inflows of resources also reflect variances from actuarial assumptions, actual results of investment earnings compared to projected earnings, and changes of assumptions. The College has no control or authority over these transactions relative to pensions.

Operating Expenses

	 2020	2019	2018
Instruction	\$ 11,538,000	\$ 12,401,000	\$ 12,840,000
Academic support	7,036,000	5,797,000	5,623,000
Student services	2,688,000	3,884,000	3,670,000
Institutional support	9,327,000	9,642,000	8,701,000
Operations and maintenance	4,360,000	4,543,000	4,410,000
Student aid	1,921,000	1,428,000	1,706,000
Depreciation	 1,894,000	1,861,000	1,741,000
Total	\$ 38,764,000	\$ 39,556,000	\$ 38,691,000

Operating Expenses For the Years Ended August 31, 2020, 2019, and 2018

Percentage of Operating Expenses For the Year Ended August 31, 2020

FY 19-20

Total operating expenses for the 2019-20 fiscal year decreased by \$792,000 or 2.0% from the prior fiscal year. Changes affecting the decrease are:

- Payroll decreased \$330,000. Raises were offset by cost-savings from retirements and resignations.
- Employee benefits, which are allocated across all functions, increased \$710,000. Net pension expense recognized in 2020 was \$2,208,000 compared to \$1,328,000 in 2019. OPEB expense recognized in 2020 was \$3,233,000 compared to \$3,303,000 in 2019.
- Academic support increased due to additional state and local grant awards, primarily for personnel costs and student supplies.
- Student services decreased \$1,196,000, primarily due to a decrease in enrollment.
- Student aid increased \$493,000, primarily due to CARES Act funding for emergency grants to students of \$574,000.

FY 18-19

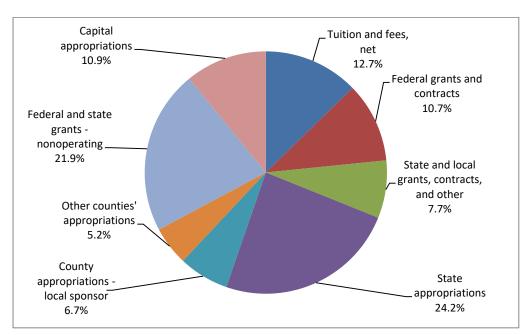

Total operating expenses for the 2018-19 fiscal year increased by \$865,000 or 2.2% from the prior fiscal year. Changes affecting the increase are:

- Employee benefits, which are allocated across all functions, increased \$2,034,000. Net pension expense recognized in 2019 was \$1,328,000 compared to \$984,000 in 2018. OPEB expense recognized in 2019 was \$3,303,000 compared to \$2,097,000 in 2018.
- Institutional support increased \$940,000 due to increase in state and local grants and contracts.
- Student aid decreased \$278,000, primarily due to decline in enrollment.

Revenues

Revenues For the Years Ended August 31, 2020, 2019, and 2018

	 2020	2019	2018
Tuition and fees, net	\$ 4,873,000	\$ 5,201,000	\$ 5,687,000
Federal grants and contracts	4,101,000	4,092,000	3,828,000
State and local grants, contracts, and other	2,980,000	4,110,000	2,921,000
State appropriations	9,303,000	9,595,000	9,602,000
County appropriations – local sponsor	2,580,000	2,272,000	2,227,000
Other counties' appropriations	1,999,000	2,256,000	2,344,000
Federal and state grants - nonoperating	8,427,000	8,590,000	9,341,000
Capital appropriations	 4,213,000	1,710,000	2,253,000
Total	\$ 38,476,000	\$ 37,826,000	\$ 38,203,000

Percentage of Revenues For the Year Ended August 31, 2020

FY 19-20

Total revenues increased from 2019 by \$650,000 or 1.7% as discussed below:

- Net tuition decreased by \$328,000 due to a decline in enrollment of approximately 270 fulltime equivalent (FTE) students, offset in part by increases in full-time tuition (\$108) and part-time tuition (\$9).
- Local sponsor appropriations of \$2,580,000 include additional funding of \$263,000 for the College due to the impact of COVID-19.
- Capital appropriations were \$4,213,000 in 2020, an increase of \$2,503,000 from the prior year. This is the cost of new capital projects at the College that were funded by the County and the State.

FY 18-19

Total revenues decreased from 2018 by \$377,000 or 1.0% as discussed below:

- Net tuition decreased by \$486,000 due to a decline in enrollment of approximately 485 FTEs, offset in part by increases in
 - full-time tuition (\$120) and part-time tuition (\$10).
- State and local grants increased by \$1,189,000 due to awards received to support various programs of the College including culinary and healthcare.
- Capital appropriations were \$1,710,000 in 2019, a decrease of \$543,000 from the prior year. This is the cost of new capital projects at the College that were funded by the County and the State.

Capital Assets

The primary cost of campus facilities is shared by the County and the State. Pursuant to State Education Law relative to community colleges, title to real property rests in and is held by the local sponsor (the County) in trust for the use and purpose of the College. The College has a stewardship responsibility as such assets are integral to the operations of the College; therefore, the College capitalizes and depreciates all campus facility activity.

The overall increase in capital assets amounted to \$4,678,000 and is offset by depreciation expense of \$1,894,000.

	 2020	2019	2018
Land	\$ 713,000	\$ 713,000	\$ 713,000
Construction in progress	4,868,000	1,013,000	269,000
Buildings, infrastructure, and improvements	60,645,000	60,287,000	59,321,000
Furniture, fixtures, and equipment	 8,457,000	7,992,000	7,202,000
	74,683,000	70,005,000	67,505,000
Less accumulated depreciation	 43,457,000	41,563,000	39,703,000
	\$ 31,226,000	\$ 28,442,000	\$ 27,802,000

Capital Assets As of August 31 2020, 2019, and 2018

Economic Factors That May Affect the Future

Ninety percent of the College's revenues are enrollment-based. In 2019-20, the College's student enrollment declined 11% from 2018-19 levels. This was consistent with State community college enrollment over the past four years as regional economic conditions improved statewide together with the decline in high school graduations. This continued decline impacted the College's tuition and fee revenue together with State support. In mid 2019-20, the global COVID-19 pandemic began, resulting in implementation of virtual education for half of the Spring and all of the Summer semesters. This shift in instruction modality resulted in an accelerated erosion of student enrollments in the summer of 2020. During 2019-20 the College experienced stable financial support from its sponsoring County, receiving a 2% increase and supplemental funding to help offset the loss of Summer 2020 revenue caused by the global pandemic.

New programs of study introduced during the year included establishment of an electronic gaming program at our Center City location. In addition to this new program, the College continued the development of a confectionary and baking laboratory at Mill Lane with new kitchen equipment ordered during the summer of 2020. During the year, additional transfer agreements with four-year partner institutions both in and out of the State were finalized which permits additional educational opportunities for our transfer students.

In 2019-20, the College continued its focus on student retention and support services through a Federal Title III grant that provides support for student success initiatives. As the COVID-19 pandemic began, the College received \$2.2 million in Federal CARES Act grants. The grants included \$1.1 million for COVID-related institutional needs and another \$1.1 million for direct aid to students impacted by the pandemic.

At the beginning of fiscal year 2019-20 agreements were in place with all labor bargaining groups, the Union of Faculty and Professionals (UFP), Civil Service Employees Association (CSEA), the Chairpersons, Administrators & Directors Association (CADA), and the Services Employees International Union (SEIU). In early 2020, a new one-year agreement was reached with the CSEA. Due to the pandemic, contract negotiations on expiring agreements were placed on pause.

Contact for the College's Financial Management

This financial report is designed to provide the College community, oversight agencies, and County taxpayers with a general overview of the College's finances and demonstrate the College's accountability for the money it receives. If you have any questions about this report or need additional information, contact Patrick C. Ryan, Vice President of Administration, 78 Washington Avenue, Schenectady, New York 12305 or by e-mail at ryanpc@sunysccc.edu.

Notes to Financial Statements

1. Summary of Significant Accounting Policies

Reporting Entity

Schenectady County Community College (the College) is a locally sponsored, two-year community college founded in 1969. The College is part of a statewide system of two-year institutions designed to provide technical, para-professional, and university parallel education. The College is one of thirty community colleges within the State University of New York (SUNY). SUNY community colleges are financed by New York State (the State), student tuition, and a local government sponsor. The County of Schenectady, New York (the County) is the College's local sponsor. The College is included in the financial statements of the County as a discretely presented component unit.

Basis of Presentation

The financial statements of the College have been prepared in accordance with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the College's accounting policies are described below.

Discretely Presented Component Units

In evaluating how to define the College for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the College's reporting entity is based on several criteria set forth in accounting guidance including legal standing, fiscal dependency, and financial accountability.

Based on the application of these criteria, the following is a brief review of the entities included in the reporting entity as discretely presented component units.

- The Faculty-Student Association of Schenectady County Community College (the Association) was established in 1969 to operate, manage, and promote educational activities and relationships between and among students, faculty, and staff of the College. The Association operates campus-based food services, child care services, and the College Store. The Association is financially dependent on student enrollment of the College in order to maintain operations. The Association reports on a June 1 through May 31 fiscal year; accordingly, all balances in the accompanying financial statements related to the Association are as of and for the years ended May 31, 2020 and 2019.
- Schenectady County Community College Foundation, Inc. (the Foundation) was established in 1972 for the purpose of maintaining endowments for specific scholarship and institutional programs for the College. The Foundation provides financial assistance to the College in the form of grants and/or program contributions. The Foundation maintains the same fiscal year as the College.

The financial statements of these component units have been presented in accordance with the display requirements of the Financial Accounting Standards Board (FASB). Significant footnote disclosure information of the component units is contained in Note 13.

Measurement Focus

The College reports as a special-purpose government engaged in business-type activities, as defined by GASB Statement No. 35. Business-type activities are those that are financed in whole or in part by fees charged to external parties for goods or services. The College's financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred regardless of when the related cash flows take place. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

The College's policy for defining operating activities in the statements of revenues, expenses, and changes in net position are those that generally result from exchange transactions such as receipts for services and payments made to purchase those goods or services. Certain other transactions are reported as non-operating activities and include the College's appropriations from the State and County, certain federal and state grants, and interest income.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Net Position

- *Net investment in capital assets* consists of capital assets, net of accumulated depreciation, reduced by outstanding balances of any related debt obligations attributable to the acquisition, construction, or improvement of those assets.
- Restricted consists of assets reduced by liabilities and deferred inflows of resources related to those assets if their use is subject to externally imposed stipulations. Restrictions are imposed by external organizations such as federal and state laws or by third parties providing funds to the College. The College currently has no restricted resources meeting this definition.
- Unrestricted the net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of the above restrictions and are available for general use by the College.

The College has a policy of generally using restricted net position, when available, prior to unrestricted amounts.

Campus Facilities, Equipment, and Related Debt

The County and the State equally share the primary cost of capital assets. Pursuant to State Education Law relative to community colleges, title to real property rests in and is held by the local sponsor (the County) in trust for the uses and purposes of the College. The College has a stewardship responsibility since such assets are integral to the operations of the College; therefore, the College records all campus facility activity.

The College recognizes revenue for State and County capital contributions when the construction or acquisition cost is incurred, or the capital asset is purchased. Debt obligations incurred by the County and the State to finance the construction and acquisition of campus facilities and equipment are not recognized in the financial statements since the College is not obligated under any debt service arrangements for the County or State debt.

The Association and Foundation maintain their own title to capital assets as applicable and issue debt as needed for the acquisition or construction of capital assets.

Capital Assets

The College records capital assets at actual or estimated historical cost. Contributed assets are recorded at fair value at the time received. Depreciation is provided over estimated useful lives using the straight-line method. Maintenance and repairs are expensed as incurred; significant improvements are capitalized.

Capitalization thresholds for determining which asset purchases are added to capital accounts and the estimated useful lives of the College's capital assets are as follows:

	Cap	oitalization	Estimated
		Policy	Useful Life
Buildings and infrastructure	\$	5,000	15-40 years
Land improvements	\$	5,000	3-15 years
Furniture, fixtures, and equipment	\$	5,000	5-10 years

Compensated Absences

The College recognizes a liability for vacation time and additional salary related payments as benefits earned by employees based on the rendering of past service and the probability that the employees will be compensated. This includes vacation time that was earned but not used for which employees receive compensation in future periods.

In addition, the College recognizes a liability for vested sick leave and additional salary related payments for employees who are eligible to receive termination payments as well as other employees who are expected to become eligible in the future to receive such payments.

Unearned Revenue

Student tuition and related fees billed and received prior to the end of the fiscal year which relate to the following semester are considered unearned and recognized as revenue when earned in the subsequent fiscal year.

Deferred Outflows and Deferred Inflows of Resources

Pension and Other Postemployment Benefits (OPEB) related items stem from variances between expected and actual results and are amortized ratably, with the exception of pension and OPEB contributions paid subsequent to the measurement date, which are recognized as a reduction to (increase in) the net pension (asset) liability or total OPEB liability in the subsequent year.

Deferred inflows of resources also include New York State Tuition Assistance Payments (TAP) received by the College on behalf of eligible students. TAP funds received prior to the College's year end have a time restriction as they are applicable to the following semester and are recognized as revenue when applied to the respective students' accounts.

Pensions

The College participates in the New York State Teachers' Retirement System (TRS) and the New York State and Local Employees' Retirement System (ERS) (the Systems) as mandated by State law. The Systems recognize benefit payments when due and payable in accordance with benefit terms; investment assets are reported at fair value. The College recognizes its proportionate share of net pension position, deferred outflows and deferred inflows of resources, pension expense (revenue), and information about and changes in the fiduciary net position on the same basis as reported by the respective defined benefit pension plans.

OPEB

The total OPEB liability, deferred outflows and deferred inflows of resources, and OPEB expense of the College's defined benefit healthcare plan (Note 8) have been measured on the same basis as reported by the plan. Benefit payments in the plan are recognized when due and payable in accordance with benefit terms.

Revenues

The State provides aid to the College based upon operating costs and a formula based on student full-time equivalents. The County also provides funding to the College in the form of a sponsor contribution which is appropriated annually by the County legislature as part of the County's budgeting function. Revenue is recognized in the accounting period earned. State and County appropriations are recognized when legally available for use. Revenues and expenses arising from non-exchange transactions are recognized when all eligibility requirements are met.

Grants to students for financial aid and scholarships through the Federal Pell Grant Program (PELL) and TAP are recorded as non-operating revenues from Federal and State sources and as either student aid expense or scholarship allowances offsetting tuition and fees revenue. For the years ended August 31, 2020 and 2019, approximately \$6,124,000 and \$6,856,000 was distributed to the College for PELL grants, and \$1,729,000 and \$1,734,000 for TAP awards, respectively.

Student tuition and fees are presented net of scholarships and financial aid applied to student accounts. Certain other scholarship amounts are paid directly to, or refunded to, the student and are generally reflected as expenses.

Reserve for Excess Student Revenue

State Education Law mandates that tuition revenue not exceed one-third of net operating costs. This mandate has been waived by the State. As a result, the College has not recognized a reserve for excess student revenue.

Interfund Transfers

The College uses fund accounting for the SUNY annual report which includes transactions between funds. Permanent transfers of funds include the transfer of expenditures and revenues to provide financing or other services between restricted and unrestricted current funds. These amounts have been eliminated in the basic financial statements.

Exempt Tax Status

The College is a unit of the State and is therefore generally exempt from income taxes under §115 of the Internal Revenue Code.

The component units are nonprofit organizations and accordingly, no provision for income taxes has been included in the accompanying financial statements.

2. Cash

Cash management is governed by State laws and as established by the College's written policies. Cash must be deposited in FDIC-insured commercial banks or trust companies authorized to do business within the State. The College is authorized to use demand accounts and certificates of deposit. Invested resources are limited to obligations of the United States Treasury and its Agencies, repurchase agreements, and obligations of the State or its localities.

Collateral is required for demand and time deposits and certificates of deposit not covered by Federal Deposit Insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities and school districts.

Custodial credit risk is the risk that, in the event of a bank failure, the College's deposits may not be returned to it. At August 31, 2020, the College's bank deposits were fully collateralized by FDIC coverage and securities held by the pledging institutions' trust departments or agents in the College's name.

3. Accounts and Other Receivables

5. Lease Obligations

The College leases real property under the terms of operating lease agreements. Future minimum lease payments due under noncancelable operating leases are:

Years ending August 31,	
2021	\$ 821,446
2022	686,806
2023	661,176
2024	402,821
2025	401,071
2026-2028	 956,460
	\$ 3,929,780

Rental expense for all operating leases was \$834,400 and \$803,400 for the years ended August 31, 2020 and 2019.

6. Pension Plans

Plan Descriptions

The College participates in the following cost-sharing, multiple employer, public employee retirement systems:

- TRS is administered by the New York State Teachers' Retirement Board and provides benefits to plan members and beneficiaries as authorized by the Education Law and the Retirement and Social Security Law of the State of New York. TRS issues a publicly available financial report that contains financial statements and required supplementary information. This report may be obtained from the New York State Teachers' Retirement System at www.nystrs.org.
- ERS provides retirement benefits as well as death and disability benefits. New York State Retirement and Social Security Law governs obligations of employers and employees to contribute and provide benefits to employees. ERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained from the New York State and Local Retirement System at www.osc.state.ny.us/retire.

Benefits: The Systems provide retirement, disability, and death benefits for eligible members, including automatic cost of living adjustments. In general, retirement benefits are determined based on an employee's individual circumstances using a pension factor, an age factor, and final average salary. The benefits vary depending on the individual's employment tier. Pension factors are determined based on tier and an employee's years of service, among other factors.

Contribution Requirements: No employee contribution is required for those hired prior to July 1976. The Systems require employee contributions of 3% of salary for the first 10 years of service for those employees who joined the Systems from July 1976 through December 2009. Participants hired on or after January 1, 2010 through March 31, 2012 are required to contribute 3.5% (TRS) or 3% (ERS) of compensation throughout their active membership in the Systems. Participants hired on or after April 1, 2012 are required to contribute a percentage ranging from 3% to 6% each year, based on their level of compensation. Pursuant to Article 11 of Education Law, an actuarially determined contribution rate is established annually for TRS by the New York State Teachers' Retirement Board. This rate was 8.86% and 10.62% for 2020 and 2019, respectively. For ERS, the Comptroller annually certifies the rates used, expressed as a percentage of the wages of participants, to compute the contributions required to be made by the College to the pension accumulation fund. These rates ranged from 9.7% - 19.8% for 2020 and 9.4% - 19.6% for 2019.

A liability is accrued based on the College's legally required contributions for employee services rendered. The amount outstanding and payable to TRS as of August 31, 2020 and 2019 was \$298,627 and \$291,911, respectively. The amount outstanding and payable to ERS as of August 31, 2020 and 2019 was \$323,360 and \$392,279, respectively.

Net Pension Position, Pension Expense, and Deferred Outflows and Deferred Inflows of Resources

The College reported a net pension liability of \$329,870 and asset of \$303,911 as of August 31, 2020 and 2019 for its proportionate share of the TRS net pension position. A liability of \$5,441,638 and \$1,520,606 as of August 31, 2020 and 2019 was recognized for its proportionate share of the ERS net pension position.

The TRS net pension position was measured as of June 30, 2020 and the total pension liability was determined by an actuarial valuation as of June 30, 2019, with update procedures applied to roll forward the net pension position to June 30, 2020 (measurement date of June 30, 2019, with an actuarial valuation as of June 30, 2018 for the August 31, 2019 net pension position). The College's proportion of the net pension position was based on the ratio of its actuarially determined employer contribution to TRS's total actuarially determined employer contributions for the fiscal year ended on the measurement date. At June 30, 2020, the College's proportion was 0.011938%, an increase of 0.00024 from its proportion measured at June 30, 2019.

The ERS net pension position was measured as of March 31, 2020, and the total pension liability was determined by an actuarial valuation as of April 1, 2019, with update procedures applied to roll forward the net pension position to March 31, 2020 (measurement date of March 31, 2019 with an actuarial valuation as of April 1, 2018 for the August 31, 2019 net pension position). The College's proportion of the net pension position was based on the ratio of its actuarially determined employer contributions for the fiscal year ended on the measurement date. Since the College's required contributions are included with the County's, the County has provided the College its proportion, determined on the basis of total covered payroll of the College, the County, and the County's other reporting entities over the total payroll of all entities. At March 31, 2020, the College's proportion was 0.0205495%, a decrease of 0.0009119 from its proportion measured at March 31, 2019.

For the year ended August 31, 2020, the College recognized net pension expense of \$2,208,306 (expense from TRS of \$450,692 and from ERS of \$1,757,614). For the year ended August 31, 2019, net pension expense was \$1,328,237 (expense from TRS of \$383,000 and from ERS of \$945,237).

The College reported deferred outflows and deferred inflows of resources as follows:

	TRS					ERS			
August 31, 2020		Deferred Outflows of Resources		Deferred Inflows of Resources		Deferred Outflows of Resources		Deferred Inflows of esources	
Differences between expected and actual experience	\$	289,032	\$	16,905	\$	320,262	\$	-	
Changes of assumptions		417,209		148,713		109,569		94,611	
Net difference between projected and actual earnings on pension plan investments		215,434		-		2,789,648		-	
Changes in proportion and differences between College contributions and proportionate share of contributions Contributions subsequent to the measurement date		88,443 119.106		70,525		19,178 323.360		68,820	
contributions subsequent to the measurement date	\$	1,129,224	\$	236,143	\$	3,562,017	\$	- 163,431	

	TRS				E			
		Deferred		Deferred		Deferred	[Deferred
	O	utflows of	I	nflows of	0	utflows of	h	nflows of
August 31, 2019	R	esources	F	Resources	F	Resources	R	esources
Differences between expected and actual experience	\$	205,953	\$	22,599	\$	299,439	\$	102,075
Changes of assumptions		574,129		139,989		382,218		-
Net difference between projected and actual earnings on pension plan investments		-		243,721		-		390,272
Changes in proportion and differences between College contributions and proportionate share of contributions		113,006		75,414		20.842		78,380
Contributions subsequent to the measurement date		84,549		- , 3,414		392,279		
	\$	977,637	\$	481,723	\$	1,094,778	\$	570,727

Contributions made subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending August 31, 2021. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Years ending August 31,	TRS	ERS			
2021	\$ 135,176	\$	502,160		
2022	266,077		771,562		
2023	221,668		993,213		
2024	128,094		808,291		
2025	9,214		-		
Thereafter	 13,746		-		
	\$ 773,975	\$	3,075,226		

Actuarial Assumptions

For TRS, the actuarial assumptions used in the June 30, 2019 valuation, with update procedures used to roll forward the total pension liability to June 30, 2020, were based on the results of an actuarial experience study for the period July 1, 2009 to June 30, 2014. These assumptions are:

Inflation – 2.2% Salary increases – Based on TRS member experience, dependent on age and gender, ranging from 1.90% - 4.72% Projected Cost of Living Adjustments (COLA) – 1.3% annually Investment rate of return – 7.1% compounded annually, net of investment expense, including inflation Mortality – Based on TRS member experience, with adjustments for mortality improvements based on Society of Actuaries' Scale MP-2019 (Society of Actuaries' Scale MP-2018 for 2019) Discount rate – 7.1%

The long-term expected rate of return on TRS pension plan investments was determined in accordance with Actuarial Standard of Practice No. 27, *Selection of Economic Assumptions for Measuring Pension Obligations*. Consideration was given to expected future real rates of return (expected returns, net of pension plan investment expense and inflation) for each major asset class as well as historical investment data and plan performance.

For ERS, the actuarial assumptions used in the April 1, 2019 valuation, with update procedures used to roll forward the total pension liability to March 31, 2020, were based on the results of an actuarial experience study for the period April 1, 2010 to March 31, 2015. These assumptions are:

Inflation – 2.5% Salary increases – 4.2% COLA – 1.3% annually Investment rate of return – 6.8% compounded annually, net of investment expense, including inflation (7.0% for 2019) Mortality – Society of Actuaries' Scale MP-2018 (Society of Actuaries' Scale MP-2014 for 2019) Discount rate – 6.8% (7.0% for 2019)

The long-term expected rate of return on ERS pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected return, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Investment Asset Allocation

Best estimates of arithmetic real rates of return (net of long-term inflation assumptions) for each major asset class and the Systems' target asset allocations as of the applicable valuation dates are summarized as follows:

	Т	RS	E	RS
Asset Class	Target Allocation	Long-Term Expected Real Rate of Return	Target Allocation	Long-Term Expected Real Rate of Return
Domestic equities	33%	7.1%	36%	4.1%
International equities	16%	7.7%	14%	6.2%
Global equities	4%	7.4%	-	-
Private equities	8%	10.4%	10%	6.8%
Real estate	11%	6.8%	10%	5.0%
Inflation-indexed bonds	-	-	4%	0.5%
Domestic fixed income securities	16%	1.8%	-	-
Global bonds	2%	1.0%	-	-
Bonds and mortgages	7%	3.6%	17%	0.8%
Cash equivalents	1%	0.7%	1%	-
Other	2%	3.9%-5.2%	8%	3.3%-6.0%
	100%	•	100%	

Discount Rate

The discount rate projection of cash flows assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Systems' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following presents the College's proportionate share of its net pension position calculated using the discount rate of 7.1% (TRS) and 6.8% (ERS) and the impact of using a discount rate that is 1% higher or lower than the current rate.

	1.0% Decrease			At Current iscount Rate	1	.0% Increase
College's proportionate share of the TRS net pension asset (liability)	\$	(2,083,675)	\$	(329,870)	\$	1,142,017
College's proportionate share of the ERS net pension asset (liability)	\$	(9,986,942)	\$	(5,441,638)	\$	(1,255,394)

7. Pension Plans – TIAA-CREF

The Teachers Insurance and Annuity Association – College Retirement Equities Fund (TIAA-CREF) is a State University Optional Retirement Plan (ORP). TIAA-CREF is a multiple-employer, defined contribution plan administered by a separate board of trustees. TIAA-CREF provides benefits through annuity contracts and provides retirement and death benefits to those employees who elect to participate in the ORP. Benefits are determined by the amount of individual accumulations and the retirement income option selected. All benefits generally vest after the completion of one year of service if the employee is retained thereafter. Employees who joined TIAA-CREF after July 27, 1976 and have less than ten years of service or membership are required to contribute 3% of their salaries. Employees hired on or after April 1, 2012 are required to contribute a percentage ranging from 3% to 6% each year, based upon their annual compensation. Employer contributions range from 8% to 15% depending upon when the employee was hired. Employee contributions are deducted from their salaries and remitted on a current basis to TIAA-CREF. Employer contributions for the years ended August 31, 2020 and 2019 were \$585,787 and \$641,312, respectively.

8. OPEB

Plan Description

The County administers the Schenectady County Retiree Medical Plan (the Plan) as a single-employer defined benefit postemployment benefit plan, through which College retirees receive benefits. The Plan provides for continuation of medical insurance benefits for substantially all employees and their spouses upon retirement. The Plan can be amended by the County subject to collective bargaining and employment agreements.

Eligibility for benefits is met by employees who retire from the College with at least 10 years of service and are eligible for TRS, ERS, or ORP. The retiree's required contribution for medical benefits ranges from 0% to 50% dependent upon the retiree's years of service and applicable collective bargaining and employment agreements. The Plan has no assets, does not issue financial statements, and is not a trust.

At August 31, 2020, employees covered by the Plan include:

Active employees	186
Inactive employees or beneficiaries currently receiving benefits Inactive employees entitled to but not yet receiving benefits	149
	335

Total OPEB Liability

The College's total OPEB liability of \$51,138,736 was measured as of August 31, 2020 and was determined by an actuarial valuation as of January 1, 2020. The College's total OPEB liability as of August 31, 2019 of \$52,425,889 was measured as of August 31, 2019 and was determined by an actuarial valuation as of January 1, 2018 rolled forward through an interim valuation.

The total OPEB liability was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified.

Healthcare cost trend rates – based on a review of published national trend survey data and updated long-term rates based on the Society of Actuaries Getzen Long Term Healthcare Cost Trends Model v2020_b with a rate of 6.50% (6.75% in 2019) initially for pre-65 and 4.40% (4.75% in 2019) for post-65, reduced to an ultimate rate of 3.78% after 2075 *Salary increases* – 2%

Mortality – Sex Distinct Pub-2010 Public Retirement Plans Mortality Tables for employees and healthy retirees, adjusted for mortality improvements with Scale MP-2019 on a generational basis (previously Sex Distinct Pub-2010 Public Retirement Plans Mortality Tables for employees and healthy retirees, adjusted for mortality improvements with Scale MP-2018 on a generational basis)

Discount rate – 2.33% based on the Fidelity General Obligation 20-Year AA Municipal Bond Index as of the measurement date (previously 2.63%)

Inflation rate – 2.25%

Changes in the Total OPEB Liability

	Total OPEB Liability
Balance at August 31, 2018	\$ 40,838,358
Changes for the year:	
Service cost	1,484,106
Interest	1,534,588
Changes of benefit terms	-
Differences between expected and actual experience	-
Changes of assumptions or other inputs	10,038,272

	\$ 8,370,785	\$	5,587,392	

Amounts reported as deferred outflows and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

\$ (206,541)
(206,541)
(206,541)
1,121,152
(457,661)
 (78,557)
\$ (34,689)
\$

9. Risk Management

General Liability

The College purchases commercial insurance for various risks of loss due to torts, theft, damage, errors and omissions, and natural disasters. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three years.

10. Commitments and Contingencies

Grants

The College receives financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with the terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the College. Based on prior experience, management expects any such amounts to be immaterial.

Litigation

The College is involved in certain legal proceedings which, in the opinion of management, will not have a material adverse impact upon the financial position of the College.

11. Related Party Transactions

The College and its component units are involved in various transactions in the normal course of operations. Transactions occurring in 2020 and 2019 not described elsewhere include:

August 31, 2020	College	Association		F	oundation
Accounts receivable	\$ 41,145	\$	384,824	\$	-

13. Component Units

Discretely presented component unit information is comprised of the College's Association and Foundation. Separately issued financial statements of the component units may be obtained from the College's business office. The following disclosures relate to the component units in accordance with generally accepted accounting principles promulgated by FASB.

Net Assets with Donor Restrictions

Net assets with donor restrictions are those whose use by the component units has been limited by donors to a specific time period or purpose, or that are subject to donor-imposed stipulations that they may be maintained in perpetuity.

Under the New York State Prudent Management of Institutional Funds Act (NYPMIFA), the Board of Directors of the Foundation has substantial discretion to establish policies over endowment funds. The Board of Directors has chosen to preserve the historical dollar value of the corpus of the perpetual endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as net assets with donor restrictions (a) the original value of gifts donated to the perpetual endowment and (b) the original value of subsequent gifts to the perpetual endowment. Net appreciation of the invested assets is classified as net assets with donor restrictions until those amounts are appropriated for expenditure in a manner consistent with the standard of prudence prescribed by NYPMIFA.

Contributions and Other Receivables

The Foundation records contributions, including unconditional promises to give, at fair value at the date received. Management establishes an allowance for uncollectible receivables based on a specific review of outstanding receivables, as well as past collection experience.

		2	020		2019			
	Association		Foundation		Association		F	oundation
Contributions receivable	\$	-	\$	515,608	\$	-	\$	1,490,290

	\$ 858,194	\$ 8,573,685	\$	819,212	\$	7,709,592		

Total investment returns for the Foundation are as follows:

	 2020	2019		
Dividends and interest, net	\$ 95,1 20	\$	99,871	
Net realized and unrealized gains	 718,923		102,832	
	\$ 814,043	\$	202,703	

The fair value of marketable securities of the Foundation is determined by quoted prices in active markets. The Association uses net asset value (NAV) per share (or its equivalent) as a practical expedient to determine the fair value of investments that (i) do not have a determinable fair value predicated upon quoted prices in active markets, and (ii) have the attributes of an investment company or prepare their financial statements consistent with the measurement principles of an investment company.

Deferred Compensation Agreement

The Association has entered into deferred compensation agreements with full time employees who are eligible to receive benefits. The agreements require a percentage of the employees' compensation to be paid into separate accounts for the benefit of each employee. The Association retains title to and beneficial ownership of the accounts until termination of employment, at which time the balance in the account is paid out to the employee in accordance with the agreements. These assets are subject to claims of the Association's general creditors in the event of bankruptcy. The deferred compensation obligation as of May 31, 2020 and 2019 totaled \$386,916 and \$348,072.

14. Risks and Uncertainties

On January 31, 2020, the United States Secretary of Health and Human Services (HHS) declared a public health emergency related to the global spread of coronavirus COVID-19, and a pandemic was declared by the World Health Organization in February 2020. Efforts to fight the widespread disease included limiting or closing many businesses and resulted in a severe disruption of operations for organizations.

During March 2020, the College restricted access to campus and face-to-face student instruction and transitioned to virtual modalities for the remainder of the spring 2020 semester. Consequently, summer 2020 enrollments were impacted resulting in tuition and fee revenue reductions due to the pandemic uncertainty. The College was awarded approximately \$2,267,000 in CARES Act funding, of which \$705,000 was expended and recorded as federal and state nonoperating grant revenue in 2020. Due to the pandemic's economic uncertainty, New York State took a precautionary measure to withhold twenty percent of its fourth quarter State support payment, which impacted the final State aid payment for fiscal year 2020. It is not yet determined if State withholding of support will be recurring in fiscal year 2021. The College's restart plan for the fall 2020 semester offers a combination of in-class and remote instruction in compliance with all government safety mandates.

The extent of the impact of COVID-19 on the College's future operational and financial performance will depend on further developments, including the duration and spread of the outbreak and its impact on students, employees, and vendors, none of which can be predicted.

Notes to Schedule of Expenditures of Federal Awards

1. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal award programs administered by Schenectady County Community College (the College), an entity as defined in Note 1 to the College's basic financial statements. Federal awards received directly from federal agencies, as well as federal awards passed through from other governmental agencies and nonprofit organizations, are included on the Schedule of Expenditures of Federal Awards.

Basis of Accounting

The federal programs are maintained on the accrual basis of accounting. The amounts reported as federal expenditures generally were obtained from the appropriate federal financial reports for the applicable programs and periods. The amounts reported in these financial reports are prepared from records maintained for each program, which are periodically reconciled to the College's financial reporting system.

Indirect Costs

Indirect costs and administrative allowances are set by New York State or Federal awarding agencies by contractual rates. As such, the College does not apply the 10% de minimis rate permitted by the Uniform Guidance.

2. Federal Direct Student Loans

Total student loans guaranteed by the U.S. Department of Education issued through the College under Federal Direct Student Loans CFDA #84.268 for the year ended August 31, 2020 were as follows:

Direct Subsidized Loans	\$ 1,716,513
Direct Unsubsidized Loans	2,395,881
Direct PLUS Loans	 164,392
	\$ 4,276,786

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Trustees Schenectady County Community College

We have audited the financial statements of Schenectady County Community College (the College) (a component unit of the County of Schenectady, New York) as of and for the year ended August 31, 2020, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated February 11, 2021. We conducted our audit in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our report includes a reference to another auditor who audited the financial statements of the Faculty-Student Association of Schenectady County Community College (the Association), as described in our report on the College's financial statements. The financial statements of the Association and the Schenectady County Community College Foundation (the Foundation) were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the Association and the Foundation.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

The Board of Trustees Schenectady County Community College

Report on Compliance for Each Major Federal Program

We have audited Schenectady County Community College's (the College) (a component unit of the County of Schenectady, New York) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the College's major federal programs for the year ended August 31, 2020. The College's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the College's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the College's compliance.

Opinion on Each Major Federal Program

In our opinion, the College complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2020.

Report on Internal Control Over Compliance

Management of the College is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
