COMMUNITY ARCHAEOLOGY

The SUNY Schenectady Community Archaeology Program (CAP) offers courses in which students can earn a non-credit Certificate of Proficiency in Archaeology as well as special topic courses. Students 16 years of age and older may enroll. Lectures, readings, discussions, field trips, and hands-on activities are among the teaching methods employed in all courses. Students learn critical thinking, analysis, and other general skills that they can apply in the field, lab, and in their personal research. They also have the opportunity to participate in local, regional, and national archaeological associations, and they can use the program as a stepping-stone to undergraduate and/or graduate degrees in anthropology and related fields.

CERTIFICATE OF PROFICIENCY IN ARCHAEOLOGY

In order to earn the Certificate of Proficiency in Archaeology, students must complete six required courses and experience (see chart below). This certificate provides students an educational opportunity through classroom instruction and experience to learn about regional archaeology and acquire the knowledge and skills needed in order to pursue archaeology under professional supervision.

Courses	Semester	Total Lecture Hours
CFP 102 Native American Archaeology	Fall	30
CFP 103 Laboratory Practices	Spring	30
CFP 106 Historical Archaeology	Spring	30
CFP 107 Recording and Archiving Archaeological Data	Fall	30
CFP 108 Researching/Interpreting Documents	Spring	30
CFP 109 Archaeological Field Work Program	Spring	30

Requirements: Above listed six courses or equivalents (approved by Community Archaeology faculty) and 60 volunteer hours (30 lab and 30 fieldwork) under CFP 100 Archaeology Research.

CERTIFICATE OF ADVANCED STUDY IN COMMUNITY ARCHAEOLOGY (CASCA)

Students who have completed the Certificate of Proficiency in Archaeology are eligible to obtain a CASCA by successfully completing CFP 101 Independent Archaeology Project and six special topic courses. Students must consult with a SUNY Schenectady-CAP instructor about enrollment in the Independent Study course.

ARCHAEOLOGY COURSES

Archaeological Research

Getting Paid to Talk: Intro to Voice-Overs

Monday **July 28** **6:30-9 p.m.**

CRN# 60198 **CFP 725-51** **Fee: \$35**

This course will be held at Voice Coaches, 26 Vly Road, Colonie, NY 12205.

From audio books, training material, animation, gaming, and commercials to socially relevant content, television, and more, today's voice-over field has become a great way to leverage your individual interests, voice qualities, and communication skills in a whole new way. Learn about how the industry really works today, trends in opportunity in the community, and areas of future growth, and hear about the top traits casting professionals look for when hiring voice professionals. Students will also hear samples from working voice-over artists. Because this class is small, students will have the opportunity to record a sample professional voice-over under the direction of our instructor, who can offer feedback and advice. If you've ever wondered how to begin in voice-over part-time, full-time, or for supplemental or retirement income, this workshop is a great, upbeat, and realistic first step.

CRN# 60181 **CFP 201-72** **Fee: \$100**

Online Course

This online course will prepare students for the New York State Notary Public test and provide a comprehensive view of the Notary Public office. Confusing laws, concepts, and procedures will be clearly explained and examples will be provided to discuss situations that a Notary Public officer is likely to encounter. All materials will be provided.

PROFESSIONAL DEVELOPMENT

NYS Notary Public Law Refresher Course

Monday **June 5** **9:30 a.m. -1:30 p.m.**

CRN# 60308 **CFP 267-71** **Fee: \$100**

Online Course

The current 22-page NY Notary Law Booklet will be reviewed and highlighted with the new electronic notarization information and notary journal recordkeeping protocols. This presentation is a must for every commissioned NY notary to properly execute their authority, duties, and responsibilities. Examples using real-life scenarios will be used to explain situations that a Notary Public officer is likely to encounter. Topics include an overview on how to avoid conflicts of interest, legal ethics, allowable fees, and addressing special situations. All materials will be provided including a website link to the NYS Department of State licensing information and a 46-page Notary Review Guidebook with current glossary terms. Updated sample forms will also be reviewed.

Notary Signing Agent Course

Tuesday **June 17** **2-6 p.m.**

CRN# 60307 **CFP 264-71** **Fee: \$100**

Online Course

If you are currently a NY Notary Public and always wanted to explore earning additional income with your current Notary Commission, this online seminar is for you. The thriving real estate and refinancing markets have companies scrambling to hire Notary Signing Agents to help meet their increased business demands. After completing this basic introductory course, you will have the opportunity to work on a freelance basis in your own independent business by working with mortgage, title and signing companies who will hire you on a per job assignment earning from \$75 to \$150 or more for notarizing and presenting mortgage loan documents. All materials are included in this course which features a step-by-step guide book, sample loan documents, 20-page mortgage glossary, and a YouTube mock loan signing. In summary, lenders offering loans across the country rely greatly on QUALIFIED Notary Signing Agents. Usually lenders seek independent

Notary Signing Agents to handle transactions on a local basis depending on where the real estate is located for the convenience of the borrower.

CANNABIS PROGRAM

Culinary Cannabis Microcredential

SUNY Schenectady's non-credit Culinary Cannabis Microcredential is designed to provide the region with entry-level (culinary cannabis) food service employees.

Must be 21 years of age or older to enroll.

Courses within this microcredential include:

CULINARY CANNABIS AND EDIBLES

This course is a staple of the cannabis culinary arts program, designed to demystify the mathematics of culinary cannabis and detail how variations in potency of food and beverages are created using various methods of infusion, concentrates, and extractions. Likewise, students will be introduced to the endocannabinoid system, aroma profiles of terpenes, and learn how to obtain the desired effects of different plant strains. Students taking this course will become trained and certified in ServSafe food sanitation and safety techniques, as well as appropriate cooking and storing methods. Upon completion of the course, students will be well-prepared to take the American Culinary Federation's Specialized Certificate in Culinary Cannabis and Edibles exam. **This is a prerequisite for the Culinary Cannabis is Sweet and Culinary Cannabis is Savory classes.**

CULINARY CANNABIS IS SWEET

This course explores the creation of delicious treats using cannabis and CBD, including chocolates, pastries, ice cream, sugar-based confections, and beverages. Students exploring the sweet side of cannabis in culinary arts leverage food sanitation and safety techniques, learn how to source fresh and certified ingredients, use appropriate cooking and storing methods, and develop menus based on flavor profiles and potency, with an understanding of cumulative effect. Upon completion of the course, students will be well positioned to pursue a culinary career with a specialty in cannabis confections.

CULINARY CANNABIS IS SAVORY

This course explores the creation of delectable savory foods prepared using cannabis and CBD, such as infused appetizers, entrees, sauces, and dressings. Students immersed in this exploration of cannabis in culinary arts will learn appropriate cooking and storing methods, as well as how to safely source cannabis ingredients, ensure proper dosing, develop flavor profiles, and partake in menu development for infused foods and drinks. Upon completion of the course, students will be well-positioned to pursue a culinary career with a specialty in the preparation of savory cannabis items.

CFE 007 +017

Fee: \$2,300

The tri-certification program trains students to become certified as Personal Care Aides (PCA) and to upgrade their training to receive the Home Health Aide (HHA) certification. In addition, it prepares students to take the written and practical skill exam to obtain the New York State Nurse Aide Certification. Certified Nurse Aides (CNA) and perform delegated tasks involving personal care of residents at long-term care skilled nursing facilities. Most CNAs work with the elderly; however CNAs are also in demand for work with children and developmentally disabled residents. PCAs and HHAs work primarily in home care settings and in assisted living facilities. This course has a minimum of 100 classroom hours and a minimum of 38 hours of field experience in clinical sites. Included in the course is an additional 40 hours of Personal Care Aide and 48 hours of Personal Care Aide upgrade training for those who prefer to work in a home setting. The CNA course (including the PCA and PCA upgrade) is taught in English and lasts approximately eight weeks. To ensure success, more than the required number of classroom and lab hours are provided. Classes are held in our Center City location in Schenectady.

Certified Nurse Aide (CNA)

CFE 037

Fee: \$1,800

The Certified Nurse Aide (CNA) program prepares students to take the written and practical skill exam to obtain the New York State Nurse Aide Certification. A Certified Nurse Aide performs delegated tasks involving personal care of residents of long-term care skilled nursing facilities. The majority of CNAs are employed at geriatric nursing facilities; however, CNAs are also in demand for work with pediatric and developmentally disabled residents. The SUNY Schenectady Allied Healthcare CNA course has a minimum of 90 classroom hours and a minimum of 30 hours of rotations in clinical sites. Included in the training is an additional 40 hours of Personal Care Aide (PCA) training for those who might prefer to work in home settings. Applicants will need to supply required medical information and have no criminal background. It is advised to contact our office to obtain additional information and the necessary forms well in advance of the class.

Home Health Aide (HHA)

CFE 014

Fee: \$1,200

This training covers material for both Personal Care Aide (PCA) and Home Health Aide (HHA). It provides students with the foundation of working in a home setting and providing care ranging from personal care for the elderly, disabled and infants to taking vital signs. There is growing demand and high need for in-home

ALLIED HEALTHCARE

care professionals in our region. An HHA has a scope of care/services that is wider and more advanced than a PCA. The course is taught in English and has a minimum of 80 hours of classroom and lab experience followed by 8 hours of clinical rotation at a local Assisted Living facility. Students who successfully complete course requirements receive HHA certification and are entered into the New York State Department of Health Home Care Registry.

Personal Care Aide (PCA)

CFE 016

Fee: \$800

The Personal Care Aide (PCA) training provides students with the foundation of working in a home setting and providing care limited to personal care and light household work. The 40 hours of training is needed to pass the certification exam.

Personal Care Aide (PCA) Upgrade to Home Health Aide (HHA)

CFE 017

Fee: \$825

This course is designed for those who already have the Personal Care Aide (PCA) certification and wish to acquire additional training to become a certified Home Health Aide (HHA). The training is two weeks long and covers the required 35 hours of classroom and clinical lab as well as the eight hours of clinical experience in an assisted living facility setting.

Phlebotomy Technician

CFE 018

Fee: \$2,000

Phlebotomists are health care professionals who draw blood and other specimens from patients or blood donors for medical testing and processing. This certificate program prepares professionals to collect blood specimens from clients for the purpose of laboratory analysis. Students will become familiar with all aspects related to blood collection and develop comprehensive skills to perform venipunctures completely and safely. Classroom and lab work include terminology, anatomy, and physiology; blood collection procedures; specimen hands-on practice; and training in skills and techniques to perform puncture methods.

A minimum of a 40-hour internship or 100 successful venipunctures, whichever comes first, is required after the class and before sitting for the national exam. Internship placements are done at local hospitals and depend on the availability of sites. High school diploma or equivalency are required to take the national exam.

EKG Technician

CFE 025

Fee: \$1,550

The EKG Technician program prepares students to function as EKG technicians and to obtain a national level certification. This course covers key areas and topics such as detailed anatomy and physiology of the heart; medical disease processes and terminology; medical ethics and legal aspects of patient contact; electrocardiography and echocardiography; an introduction to the components, function, and proper use of the EKG machine; the normal anatomy of the chest wall for proper lead placement; 12 lead placement, and other practices. At the end of the course, participants can sit for the national exam if they have successfully completed the class and hold a high school diploma or equivalency.

Community Health Worker (CHW)

CFE 020

Fee: \$1,800

Community Health Workers (CHW) are a vital link to promote health and wellness throughout communities and to lower health care costs. Certified Community Health Workers act as part of a team within public-health, hospital, social-service, and other community support organizations to promote health and wellness, and to provide support and services as directed by the organization through outreach, education, referral and follow-ups, case management, advocacy, and home-visiting services. Prior experience in the field of healthcare (CNA, HHA, EMT) or medical science OR prior experience in community engagement, either paid or volunteer as demonstrated by confirmation by the sponsoring organization, is preferred. The certification can be obtained after successful completion of 96 hours of classroom training and 108 hours of internship with area hospitals, medical centers, and other healthcare or community organizations.

Classes are held in the evening to accommodate student workers and will take place in the Fall Semester with internships beginning on or about January of the following year and in the Spring Semester with internships starting in late May of each year. High school diploma or equivalency is preferred.

Behavioral Health Technician

CFE 019

Fee: \$1,200

Behavioral Health Technicians care for people who have mental impairments. They assist doctors and nurses with the treatment of patients who have various behavioral problems, such as substance abuse, post-traumatic stress disorder, mental instability, developmental disabilities, and physical and emotional abuse. Technicians typically provide therapeutic care and monitor their patient's conditions. Techs help patients in their daily activities and ensure a safe and clean environment. They are expected to understand and implement individual treatment plans, record patient behavior, and provide a safe, supportive environment for the patients. Technicians may provide patients with their daily prescribed medications in addition to observing and recording activities of daily living. The course prepares participants to work in hospitals, clinics, or social service agencies. It can be used as a stackable credential to Community Health Worker or as a standalone training for various other professions such as Certified Peer Recovery Advocate.

Medical Administrative Assistant (MAA)

CFE 028

Fee: \$1,950

The evolution of medical services has created a strong demand in the area of Medical Administrative Assistant. Known also as Medical Office Secretary, Medical Receptionist or Medical Office Assistant, the position offers opportunities to enter the area of medical service. The training is designed to provide students with the skills necessary to provide administrative support in a medical office (scheduling, reception, telephone, and customer service), a basic understanding of medical terminology, enhanced oral and written communication skills necessary to provide administrative assistance, ability to help

with transcription, and marketing and healthcare administrative management. In addition, ethical and professional behavior, respect of confidentiality, HIPAA rules, and patient needs along with problem-solving and critical thinking skills, will be addressed. Successful completion of the course allows students to take a national certification exam, provided they have a high school equivalency or diploma.

Certified Recovery Peer Advocate (CRPA)

CFE 040

Fee: \$3,000

The Certified Recovery Peer Advocate course provides the required training for provisional certification (CRPA-P), as well as the follow up requirements for full CRPA certification. The primary function of a Certified Recovery Peer Advocate is facilitating outreach with individuals currently in a program or considering treatment.

Certified Clinical Medical Assistant

Medical Assistants play an essential role in medical offices working alongside physicians, nurses, and others in healthcare teams, typically in outpatient settings such as clinics and medical offices. A medical assistant tends to do both clinical and administrative tasks that increase quality of patient care and improve office efficiency. This program consists of five courses that can be completed over two semesters. To request an application for this program, please contact healthcare@sunysccc.edu or 518-595-1101 ext. 3.
